

2023/2024 Photography Authorization Form

Dear Parent/Guardian:

From time to time, Banyan School shares information about our programs, special events, students, and staff in print and digital media. These can include our district website, through social media, in videos, yearbook, and newsletters, as well as bulletin boards within the Schools.

As an organization, we want to celebrate our students and their work and achievements, however, we recognize that the law does require that we ask for your permission to use personally identifiable information about your student.

We are asking that you review the attached form and grant or decline permission in each separate category. As we expand our social media use, you may wish to allow pictures on social media in order for you to also have access to them. Any photos that are posted will **NOT** include names, with the exception to the school yearbook and Coach Joe's Newsletter.

Please complete and return the enclosed authorization form as soon as possible. Thank you very much for your cooperation.

Banyan Administration
