Dear Parent/Guardian:

Prior to starting sixth grade, the State of New Jersey's Department of Health requires the Tetanus, Diphtheria and Pertussis (Tdap) & Meningococcal Vaccine (MCV). Proof of these immunizations is required to begin sixth grade. These vaccines are required by the state of New Jersey:

1. **Tdap** - All children born on or after January 1, 1997 and enrolled in Grade Six are to receive one booster dose of the (Tdap) Tetanus diphtheria and pertussis vaccine no earlier than their 10th birthday, provided 5 years have lapsed since the last dose.
2. **Meningococcal vaccine**- All children born on or after January 1, 1997 are to receive one dose of meningococcal-containing vaccine.

A copy of your child's official vaccine record completed by your health care provider must be presented to the School Nurse at the beginning of the school year, or have this form completed by your doctor.

Child's Name: _____

Meningococcal Vaccine Date Received: _____

Tdap Booster Date Received: _____

Physician's Signature: _____

Physician's Stamp:

Sincerely,

Diane T. Boysen, RN

Lisa Sullivan, RN
